FOOTMAN JAMES... MOTOR AND MORE

Household

We understand that a home is more than just bricks and mortar. Our Private Client team can arrange a tailored household insurance policy that can provide cover for your homes, overseas homes, let property and their contents. From fine art collections to luxury watches, we can ensure that your most prized possessions are protected.

Marine

Prestige marine insurance from Footman James can provide extensive cover for your yacht or superyacht, crew and passengers all under one policy. Cover includes agreed value, personal property on board and the flexibility to choose your own repairer. Plus, we can also arrange insurance for your additional seafaring vessels such as motorboats, jet skis and RIBs.

Business

At Footman James, we have been arranging commercial motor trade insurance for decades. However, as part of The Ardonagh Group we also have access to brands such as Towergate Insurance, who arrange bespoke insurance products for small to medium sized companies and corporate clients. Towergate Insurance take a bespoke approach to providing cover and can build a policy based on your specific business needs, with the ability to amend this cover as your business grows. Cover can include Compulsory insurances (Employer Liability & Road Risk) along with other liability insurance, asset protection and financial protection.

Healthcare & Protection

Your most important assets are your health and your family. As part of the Ardonagh Group we are able to offer tailored policies through Towergate Health and Protection. Healthcare policies can provide private medical insurance, a healthcare cash plan and dental insurance, while a Protection policy can provide life insurance and protect your income if you are unable to work due to a serious illness.
